last year but it was more so as a result of less vendor participation. Next year the City will look for additional ways to generate more barbeque teams to participate in the event. He explained there may have been a reduced amount of competitors this year due to the economy and an increase in the price of meat. A lot of the guys that participate do the barbeque competitions as a side hobby. He went on to share about the recent Veterans Day Celebration at Gardner Park on November 11, 2013. He said it was very well attended with Congressman Daniel Webster in attendance and Chief Warrant Officer Robert Moran. He continued and said there are a lot of upcoming events such as the Christmas parade and Santa's calling. He shared the Christmas parade route has been changed this year. The route will start at Mackay Boulevard and continue on to Gardner Park via north Highway 17/92. Santa's calling will be held this year on December 19, 2013 and volunteers will be calling children, posing as Santa, to ask what they would like for Christmas. He continued and said on January 11, 2013, the Bluegrass Festival will be held at the Mackay Gardens and Lakeside Preserve. He shared this coming weekend the City will also be hosting an Astronomy night and encouraged attendance. He concluded by saying there are a lot of events during this time of year and it is a busy time for the Parks and Recreation department.

Parks and Recreation Manager Tillman requested to add another discussion item to the agenda.

A consensus was given from the Board Members present.

3) LAKE SWOOPE PAVILION UPDATE

Parks and Recreation Manager Tillman distributed material displaying the approved pavilion model, the MESA. He went on to say last night at the City Commission meeting, the City Commission had approved for the construction and installation of a new pavilion.

Chairperson Roach inquired if the pavilion would be placed at the Central Park of Lake Alfred.

Parks and Recreation Manager Tillman replied no and explained the pavilion will be placed at Lake Swoope Park, in the Fruitland Park area, replacing an existing pavilion destroyed by the hurricanes of 2004. He explained the existing concrete picnic tables will be removed and the ground area will be leveled out. This will then provide ample space for the installation of the new pavilion further away from the road.

Chairperson Roach asked if the City intends to place new picnic tables under the pavilion as well.

Parks and Recreation Manager Tillman said yes. The bid did not include the picnic tables. The City will provide new picnic tables and possibly replace the small grills near the pavilion.

Board Member Johnson shared about the location of the park and provided directions on how to get there.

Parks and Recreation Manager Tillman said the proposed pavilion is a steel framed structure with a metal roof for durability. This will be a nice pavilion for the citizens residing within that area of our community.

Board Member Stroupe asked about the size of the pavilion.

Parks and Recreation Manager Tillman replied 20' x 20'.

Chairperson Roach asked if the park had frequent visitors and if it was well utilized from the local neighborhoods.

Parks and Recreation Manager Tillman responded yes and said it is frequently occupied and with a new pavilion it should increase the usage of the park.

A discussion ensued about the existing restrooms onsite and vandalism being a potential issue in that particular location.

Board Member Stroupe asked if the pavilion would be available for reservations.

Parks and Recreation Manager Tillman said he would find out if the pavilion would be added to the list of rental facilities and if so, the rental fee will be brought back to the Board for consideration and approval. Currently there is not a fee required for usage.

Board Member Fawcett asked about the City resources for the new traffic pattern during the upcoming Christmas parade.

Parks and Recreation Manager Tillman replied that the Police Department, Public Works Department, and the Parks and Recreation Department will all be on duty that night. All roads and intersections will be staffed with City personnel on both sides of the road to direct traffic and ensure the safety of our citizens.

Board Member Fawcett questioned where the northbound traffic would be diverted.

Parks and Recreation Manager Tillman said the traffic will be directed / detoured down Mackay Boulevard to Glencruiten and then on to Highway 17/92. He went on to say the southbound traffic will continue without any interruptions. The parade will start at 6:30 p.m. and the City estimates the road will be closed for approximately one hour.

A discussion ensued about recent auto accidents in the City and the motorists that continue to turn down the wrong way on the one pair.

Chairperson Roach said it sounds like everything is going smoothly and you are doing a wonderful job Jeff. She said "I commend you on that." She asked if anyone else had any questions or comments.

There were none.

Parks and Recreation Manager Tillman said he had one more announcement. At the next meeting he will be bringing forth the 2014 meeting schedule for approval and he asked if the Board was happy with Tuesday's meeting night or would they like to consider another night for the meetings.

A discussion ensued and it was agreed to leave the meetings on the third Tuesday of every other month beginning in January.

Parks and Recreation Manager Tillman then asked if the time of the meeting should remain the same.

A discussion occurred about the time and it was agreed to move the meeting time up to 6:00 p.m. instead of 6:30 p.m.

Parks and Recreation Manager Tillman said there would be a scheduling conflict with the City Commission meeting that was moved to Tuesday, January 21, 2013.

After a brief discussion, it was agreed to have the January 2014 Parks and Recreation Board meeting on the second Tuesday in January instead of the third Tuesday. The next meeting was approved for January 14, 2014 at 6:00 p.m.

Without any further discussion, **Chairperson Roach** made a motion to adjourn the meeting. The motion was seconded by **Board Member Stroupe** and the motion passed unanimously.
