COMMISSIONER MAULTSBY

ADJOURN

Proclamation

Whereas, service to others is a hallmark of the American character, and central to how we meet our challenges; and

Whereas, the nation's mayors are increasingly turning to national service and volunteerism as a cost-effective strategy to meet city needs; and

Whereas, AmeriCorps and Senior Corps participants address the most pressing challenges facing our cities and counties, from educating students for the jobs of the 21st century and supporting veterans and military families to providing health services and helping communities recover from natural disasters; and

Whereas, national service expands economic opportunity by creating more sustainable, resilient communities and providing education, career skills, and leadership abilities for those who serve; and

Whereas, AmeriCorps and Senior Corps participants serve in more than 60,000 locations across the country, bolstering the civic, neighborhood, and faith-based organizations that are so vital to our economic and social well-being; and

Whereas, national service participants increase the impact of the organizations they serve with, both through their direct service and by recruiting and managing millions of additional volunteers; and

Whereas, national service represents a unique public-private partnership that invests in community solutions and leverages non-federal resources to strengthen community impact and increase the return on taxpayer dollars; and

Whereas, national service participants demonstrate commitment, dedication, and patriotism by making an intensive commitment to service, a commitment that remains with them in their future endeavors; and

WHEREAS, the Corporation for National and Community Service shares a priority with mayors nationwide to engage citizens, improve lives, and strengthen communities; and is joining with the National League of Cities, City of Service, and mayors across the country to recognize the impact of service on the Mayors Day of Recognition for National Service on April 7, 2015.

Now, Therefore, I Nancy Z. Daley, Mayor of the City of Lake Alfred, do hereby proclaim April 7, 2015 as

"Mayors Day of Recognition for National Service"

The City of Lake Alfred encourages residents to recognize the positive impact of national service in our city; to thank those who serve; and to find ways to give back to their communities.

IN WITNESS WHEREOF, I have hereunder set my hand this 16th day of March, 2015.

Nancy Z. Daley, Mayor
City of Lake Alfred, Florida

**LAKE ALFRED CITY COMMISSION MEETING
MARCH 16, 2015**

CONSENT AGENDA

1.) CITY COMMISSION MEETING 3/2/15

ATTACHMENTS:

- March 2, 2015

ANALYSIS: Please review the minutes at your earliest convenience and if there are any questions, comments or concerns please contact the Interim City Clerk, Valerie Ferrell or Deputy City Clerk, Ameen Bailey at (863) 291-5747.

Summer Camp position openings: Head Counselor, Summer Counselor, and Bus Driver

City Manager Leavengood discussed an update on the little league jamboree on Saturday March 28, 2015. Pictures showed Mayor Daley throwing the first pitch and the little league team in uniform showcasing the City centennial logo. The little league gave the City compliments for field improvements and are considering moving additional games to the fields.

Purple Heart dedication ceremony was also held on March 28th and was well attended despite the weather. An envoy from the South Korean government attended the event and expressed their appreciation.

CITY ATTORNEY ANNOUNCEMENTS

There were no legal announcements.

RECOGNITION OF CITIZENS

Ella Hale, 675 East Thelma Street, stated she had concerns regarding the article in paper regarding the City Managers evaluation and exit interviews or recent employees. Her concerns focused on the process of how the evaluation and interviews were conducted. She stated that these documents should cover professional development, employee responsibilities, and conflict resolution to offset the low morale and low pay. She also expressed concern over public

Draft

perception of the City Manager and City Managers. She volunteered to be on a committee to revamp the evaluation process.

Angel McGee, 360 East Columbia Street, stated that Lake Alfred city employees are under paid and need a raise.

Mayor Daley read the proclamation for Irish American Heritage Month. **Greg Seán Canning** acknowledged and accepted the proclamation as the Florida State President and National Director of the Ancient Order of Hibernians stating that St. Patrick's Day is the biggest celebration of a national day around the globe and many will claiming themselves as Irish for the day.

 **CONSENT AGENDA: APPROVE CITY COMMISSION MEETING MINUTES 2/16/15.**

Commissioner Maultsby moved to approve the City Commission Meeting minutes for the February 16, 2015 regular meeting; seconded by **Commissioner Duncan** and the motion was approved by unanimous voice call vote.

There were no public comments.

COMMISSIONER MAULTSBY	AYE

AGENDA

1.) STREET RESURFACING PROJECT 

City Manager Leavengood stated that in April of 2014 the City Commission approved the street resurfacing priority list to be used as a guideline for future street resurfacing projects. City staff put out a request for sealed bids for resurfacing of the following areas:

- North Todd Hunter Way
- South Todd Hunter Way
- East Lakeview Rd. (side street off Todd Hunter)
- East Hoffman 500 Block
- Parking Lots: City Administration, City Library, East Haines Parking Lot

City Manager Leavengood presented some visuals that identified each of the areas described. The East Haines Parking lot was added due to increased use and could be improved including lights, striping, and sidewalk.

The City received one sealed bid through the process from Tucker Paving Inc. out of Winter Haven in the amount of \$133,053. Several companies picked up bid packets therefore this was a competitive bid. \$150,000 in restricted gas tax revenue has been budgeted in the current FY

Draft

14/15 Budget to accommodate this project. Consistent with the City's Capital Improvement Program (CIP) the next street resurfacing project is scheduled to take place in FY the 16/17 budget year. Staff will present an updated priority list for the Commission's consideration in the preparation of the FY 16/17 Budget. Any remaining funds from this project will be carried over to increase the total budget for the next resurfacing project. STAFF recommends accepting the bid from Tucker Paving, Inc. for the street resurfacing project in the amount of \$133,053.

Commissioner Lake asked a question for clarification regarding the two separate quoted amounts.

John Deaton, Public Works Director responded that one quote was based on the estimated area provided and the second was based on the Contractors more detailed analysis of the area. The only work to be performed by City Staff is to remove and replace the parking stops and installing the stop bars.

City Manager Leavengood added that millings will be used as a base for the dirt parking lot prior to installation of the asphalt, which will also save some money.

Commissioner Duncan asked how the additional hardened surface in regards to drainage and storm water.

City Manager Leavengood responded that most areas were already hardened and that the slopes will be addressed to ensure the water flows to the storm water system in place on Haines.

John Deaton, Public Works Director added that there are grassed areas around two areas and the water will be directed towards these areas or storm boxes.

Mayor Daley commented that the main roads had already been repaired and these side streets have needed repair. She stated that it is good that they are being addressed now.

Commissioner Dearmin stated that Romona Ave is also in need of repair.

Commissioner Maulsby asked about the condition of Hillside Circle and that a citizen mentioned this road.

City Manager Leavengood responded that he is aware that other side streets are in similar condition and that there may be funds remaining in the project if there is no change order. If so, additional areas could be improved under the current contract to eliminate additional mobilization fees.

Mayor Daley asked if the Commission could approve the amount up to \$150,000 currently budgeted to allow for the improvement of additional areas.

City Manager Leavengood responded he could sign off on change orders once the project is authorized and it would be beneficial to know that the Commission supported use of the budgeted amount if the opportunity allowed for additional work.

Draft

Ron Sheffield, Road 640 East Lakeview Road, appreciated the consideration of improvement at Ramona and Lakeview, however he had concerns over about large trucks impacting the road and they may need to be addressed to maintain any improvements.

Angel McGee, 360 Columbia Street, stated that Columbia Street is also in bad shape and has potholes and should also be fixed.

City Manager Leavengood stated that the paving list was derived from the City Commission approved priority list. Every two years improvements are made to save money on mobilization. During the off year, the Public Works Director reassesses the road and updates the priority list. The list is then provided to the Commission to review, reprioritize, and approve the list. The projects may not occur in the exact order due to locations and the ability to group projects in the same vicinity to reduce mobilization cost.

Ella Hale, 675 East Thelma Street, asked about the drainage issues at Thelma and SR17 and if the FDOT was responsible for the improving the drainage problems. Whenever there is a bad rain there is bad flooding.

City Manager Leavengood reviewed the work that is underway to address the drainage issues, which was included in the activity summary that was sent to the Commissioners. The report addresses the storm water issue on Cummings as a result of FDOT expansion. The pipe and storm boxes installed do not allow the water to flow properly to Lake Echo. The road and storm water design only addressed road improvements and did not account for the Greys trucking property, which contributed water by sheet flow. The new Family Dollar retention pond has helped to alleviate some water from going into the storm water system. However, a long term fix is needed and FDOT has acknowledged the situation that has been created. They are willing to pay the construction cost (estimated at 0.5 million) to add inlets and add storm water pipes to direct the water to Lake Echo. The City will pay for design, and the Commission has already approved funding of approximately \$59,000. Design is underway and construction should start within 1-2 years.

Trick Gains, 725 South Todd Hunter, stated he appreciates the consideration to repave the cul-de-sac. He also owns property at the corner of 630 East Lakeview and North Todd Hunter. He stated that the street that Mr. Duncan referred to, not only needs to be paved, but should also be widened.

Commissioner Dearmin asked when the paving projects will take place to assist in noticing citizens.

John Deaton, Public Works Director responded that he did not yet have the timeframe. It will be set after the project is approved and he holds a pre-construction meeting with the contractor. Generally the Contractor notifies the residents of when the project will commence and helps the residents to negotiate getting in or out of their property.

Raymond Curtis with Tucker Paving, thanked the Commission for the work and that Tucker Paving loves small towns. He mentioned that they have another project in Dundee that should take two weeks which means they should be able to start around April 1, 2015. They will speak to the residents and generally leave door tags to notify residents of road work and how to get in and out. Do not expect change orders since they did go and measure each of the areas.

Draft

Tucker will prepare an additional quote for the proposed work. They already agreed to honor the price per square foot provided for any additional road work.

Commissioner Dearmin moved to accept bid from Tucker Paving, Inc. for the street resurfacing project in the amount of \$133,053 for streets listed and to include up to \$150,000 for additional work; seconded by **Commissioner Lake** and the motion was approved by unanimous voice call vote.

 **2.) APPOINT REPRESENTATIVE TO ATTEND 2015 CITY ELECTION EQUIPMENT TESTING**

City Manager Leavengood stated that the Logic and Accuracy (L&A) test is scheduled to be held at the Supervisor of Elections Office on March 31, 2015 at 4:30P.M. The test is open for the qualifying candidates to view. The purpose of the test is to run sample ballots through the voting machine that will be located on our polling site during the election and test it for accuracy. After the test is performed the machine is sealed by the Supervisor or Elections staff and delivered to the City Commission election site with the seal intact. The appointed representative conducts the procedure, confirms the results, and then signs the verification forms for the accuracy of the machine tested. In previous elections, the canvassing board has appointed the City Clerk to attend the testing on their behalf.

The 2015 Canvassing Board includes the following members:

Mayor Nancy Daley
Vice Mayor Charles Lake
Commissioner Jack Dearmin
Interim City Clerk Valerie Ferrell
City Attorney John Murphy

Per Florida Statute, canvass board members are required to attend the following meetings: Please note a quorum must be present at each of the meetings (except pre-election logic and accuracy testing).

- 1) Pre-election logic and accuracy testing
- 2) Election night canvassing of ballots
April 7, 2015 at 6:00pm
Location: Supervisor of Elections Headquarters, in Bartow
- 3) Certification of election results
April 9, 2015 at 5:00pm
Location: City Hall, Lake Alfred
- 4) Post-election manual audit

April 13, 2015 *Time to be determined by canvassing board on night of election
Location: Supervisor of Elections Headquarters, in Bartow

STAFF recommendation is to appoint Valerie Ferrell, Interim City Clerk to attend the 2015 City Election Logic and Accuracy Equipment Test on Tuesday, March 31, 2015 at 4:30pm.

Mayor Daley asked if the Deputy City Clerk would also be attending.

City Manager Leavengood stated that this is the official appointment, but the Interim City Clerk and Deputy City Clerk have been paired up for the entire process.

Commissioner Dearmin asked if a Commissioner up for election could vote on this matter.

Assistant City Attorney Seth Claytor stated he did not perceive any conflict that would preclude a Commissioner from voting on this matter.

Lewis Schmidt, 365 East Sanford, reminded the Commission of a monitor / viewer for visually impaired person that is available from the Supervisor of Elections for the day of elections.

Commissioner Lake moved to Appoint Valerie Ferrell, Interim City Clerk to attend the 2015 City Election Logic and Accuracy Equipment Test on Tuesday, March 31, 2015 at 4:30pm; seconded by **Commissioner Dearmin** and the motion was approved by unanimous voice call vote.

COMMISSIONER DEARMIN	AYE
COMMISSIONER DUNCAN	AYE
COMMISSIONER MAULTSBY	AYE

3.) CITY MANAGER EVALUATION

City Manager Leavengood stated that under section 5 of the City Manager employment agreement the City Manager is to be formally evaluated at least once per year in advance of the adoption of the annual operating budget. The evaluation format was consistent with previous evaluations and consisted of eight (8) categories that allowed for a numerical ranking as well as available space for additional comments under each category and at the end of the evaluation. The City Commission has been copied on the evaluation summary, manager evaluations, and the activity summary.

Mayor Daley stated that the evaluation has been from the summer to the spring prior to budgeting, which is better. The Mayor acknowledged that the position requires time outside of the office and after hours. She stated that City Manager Leavengood is very hard working, gets the work complete and responds at all times of the day and on the weekend. She gave a lot of thought to her evaluation and thinks the City manager is doing a great job and there was a significant amount of accomplishments this year to make the City better.

Draft

Commissioner Lake reiterated Mayor Daley's comments and that he does not have a problem with the times Mr. Leavengood is out of the office. If Leavengood is not in the office he will send a text message and quickly receives a response.

Commissioner Dearmin stated that this City Manager stands out from others in past. Leavengood needs to be commended along with his Managers.

Commissioner Maulsby stated that If Leavengood is not available in the office; he will quickly get a call. He also stated that he gets positive comments about the City Manager

Ella Hale, 675 East Thelma, stated that she does not have a personal issue with Mr. Leavengood. She stated her concern is with the evaluation method and how compensatory flex time is used. She stated that the evaluation should address professional development and Mr Leavengood should be accountable for when he uses compensatory time. She stated she is concerned on how the exit interviews are perceived since the city staff is not pay well or have good benefits.

City Manager Leavengood stated there is not a moral issue and that there is no fear of retaliation. Exit interviews are a management tool and a lot goes into evaluating the responses. He stated that there has been turn over, but not everyone is suited for city employment. He wants to focus on the positive, which is that management has been able to recruiting more positive individuals. Leavengood stated he would rather a position stay vacant and pay overtime, rather than hire the wrong individuals. The exit interviews are 6 months to over a year old and many of the real issues have been resolved.

Leavengood went on to state that the City has excellent benefits. The city pays 100% of employee's health insurance, and provides two weeks of holiday, two weeks of vacation, and twelve days of sick time per year. He stated that the City has great management team. They look for new ideas, ways to improve, and focus on the positive. The City is moving forward in a positive way. Pay is addressed through the salary surveys and aggressive steps have been taken to address discrepancies. Salaries have been addressed during the budgeting process with smaller COLAs and adjusting the front line personnel salaries. Service worker pay has increased at least 8% in last couple of years. City is in a much better place than it was even one year ago and will continue to improve as the budget allows and when the salary survey supports the change. Steps stop after 10 years, but defined benefit pension plan is a great incentive to keep 10 yeared employees.

Leavengood thanked the Commission for their support. He outlined some of his continuing professional development such as his Master's Degree in Public Administration, Chair of the Polk County Mangers Group, Florida City and County Management Association (FCCMA) Board of Directors. Last week he attended the FCCMA District 8 training, which took him out of the office. He represented the City at the annual conference in February. Participation in these associations and training is beneficial to him and the City.

Leavengood addressed the exit interviews and compensatory time stating that he is sensitive to the public and employee perception, although they do not have the perspective to understand. He has already made changes to his schedule since these exit interviews were conducted. Emails and research is often completed after hours, for example when City Clerk Bourgeois left he had to pick up additional responsibilities. Often this work was completed after hours. The City does allow salaried employees to earn and accrue comp time to be used on a 1:1 bases and as

Draft

they see fit. This is not a City Manager policy, this is a City policy approved by the Commission. Leavengood would like to focus on positive and moving the City forward.

Mayor Daley lists accomplishments and goals with Mr. Leavengood on a one to one basis. This may not make into the public. She also mentioned the development of the City app, which allows people to notify the City staff directly and has led to great improvements.

Ella Hale, 675 East Thelma, restated that the evaluation format needs to be revamped. The evaluation should be more specific and include measurable deliverables. She only saw the summary rather than the entire evaluation.

Commissioner Duncan also wanted to mention the implementation of the tuition assistance program.

Commissioner Lake asked how the exit interviews become an issue.

Ella Hale, 675 East Thelma, stated that a few people left disgruntled and the word got out. She stated that the exit interview process should also be improved.

Commissioner Maultsby commended the City Manager on a job well done and that he left him some room for improvement.

RECOGNITION OF CITIZENS

Joseph Hultz, 824 James Way, stated that he attends and/or reads minutes. He did mention that he acknowledges that the City Manager is not always available, but he does not expect to have Leavengood at his desk all day every day. If so, that could be also be problems. He addressed the exit interviews and stated that the exit interviews should also be considered in light of the employee and past performance reviews.

Derek Gains 725 South Todd Hunter Way, stated that he has always been able to set an appointment with the City Manager and meet to discuss issues.

COMMISSIONER QUESTIONS AND COMMENTS

Mayor Daley thanked little league for opportunity to participate in jamboree. She requested "Thank you" letters from the Commission for the volunteers who assisted with the Veterans Memorial dedication. She also mentioned that the PGTV crew will begin filming the historic venues in the City over the past couple of weeks.

Commissioner Dearmin Coverage commended Mayor Daley on her interview with Bay News 9 on the memorial and the dedication.

Vice Mayor Lake would have love to have attended the dedication, but thought it went well by the coverage.

Draft

Commissioner Duncan mentioned a grant opportunity through Keep America Beautiful in conjunction with Dr. Pepper and Snapple for recycle bins in the Parks.

Commissioner Maulsby commended the City Manager on a job well done and stated that Lake Alfred going places. With the 70 new houses, the City should soon get a Publix or Winn Dixie. He also stated that any citizen can call him on any issue and he will help to get it done.

Mayor Daley asked about the Lake Alfred Clean-up events.

Parks and Recreation Superintendent Richard Weed stated that the Great American Clean-up is at the end of the City's Spring Clean-up. Therefore the Spring Cleanup is the week of March 16 and the Clean-up Day is Saturday March 21st.

Respectfully Submitted,

**LAKE ALFRED CITY COMMISSION MEETING
MARCH 16, 2015**

AGENDA

1.) INTERLOCAL AGREEMENT WITH POLK COUNTY: SIX-CENT GAS TAX

ISSUE: The City Commission will consider an Interlocal Agreement with Polk County for extension of the six-cent local option gas tax.

ATTACHMENTS:

- Memo of request from County Manager – 2/23/15
- Amendment 1 to Interlocal Agreement with the County to Extend Gas Tax

ANALYSIS: The City of Lake Alfred in July of 1987 approved an Interlocal Agreement with Polk County for the purpose of providing for the distribution of the proceeds of a six-cent local option gas tax being proposed by the County. In June 1987, the Board of County Commissioners adopted the six-cent local option gas tax for a 30-year period ending on August 31, 2017. In anticipation of its “sunset”, the County Commission recently decided to consider a 30-year extension of the tax through August 31, 2047.

Florida Statutes 336.025(3)(a)(1) allows the County to levy the gas tax, if prior to June 1st, the County establishes interlocal agreements with the municipalities representing a majority of the population in the incorporated areas. The County is following the same procedures in extending the gas tax as was used in its original adoption in 1987.

The gas tax proceeds are distributed using a formula of 40% based on road miles maintained by each recipient, and 60% for the population of the recipient. Lake Alfred currently receives \$124,240 annually from the six-cent local option gas tax.

STAFF RECOMMENDATION: Approve the Interlocal Agreement with Polk County relating to the division and distribution of the Six-Cent Local Option Gas Tax.

Subject: Amendment to 6 Cent Gas Tax Interlocal Agreement

Dear City Managers & Other City Officials:

In 1987, the Board of County Commissioners adopted the six-cent first local option gas tax for a 30-year period ending on August 31, 2017. This tax revenue has been a critical part of the funding stream for county and city road programs since that time. In anticipation of its "sunset," the County Commission recently decided to consider a 30-year extension to August 31, 2047, at the earliest possible date.

The first step is for Polk County to enter into interlocal agreements with each municipality. Attached is a template for an interlocal agreement. Your municipality's action, at the earliest possible date, will facilitate the County Commission's consideration of the extension in the near future.

If you have questions, please contact me at 863-534-6444 or have your city attorney contact County Attorney Michael Craig at 863-534-6482.

Sincerely,

Jim Freeman
County Manager

AMENDMENT ONE
TO
INTERLOCAL AGREEMENT
BETWEEN
POLK COUNTY AND MUNICIPALITIES
TO
EXTEND THE INTERLOCAL AGREEMENT GOVERNING THE DIVISION AND
DISTRIBUTION OF THE SIX-CENT LOCAL OPTION GAS TAX

THIS AGREEMENT, made and entered by and between Polk County, a political subdivision of the State of Florida, (“COUNTY”) and the City of Lake Alfred, a Florida municipal corporation, (“MUNICIPALITY”).

WITNESSETH:

WHEREAS, the COUNTY and MUNICIPALITY pursuant to Section 336.025 (3)(a)(1), Fla. Stat., entered into an Interlocal Agreement executed by the COUNTY chairman on June 9, 1987 (“Interlocal”) to provide for the division and distribution of the proceeds of the six-cent local option gas tax (“Gas Tax”); and

WHEREAS, the Interlocal is effective from September 1, 1987 to August 31, 2017,

WHEREAS, the COUNTY and MUNICIPALITY desire to extend the Interlocal for an additional thirty (30) years to provide for the division and distribution of the proceeds of any extension of the Gas Tax by the COUNTY.

NOW, THEREFORE, in consideration of the mutual covenants and conditions and for other good and valuable consideration, the parties agree as follows:

SECTION 1. EXTENSION OF INTERLOCAL. The COUNTY and MUNICIPALITY mutually agree to extend the Interlocal from September 1, 2017 to August 31, 2047, both inclusive. The Interlocal shall govern the division and distribution of proceeds of

the Gas Tax imposed through August 31, 2047, including those proceeds not collected or otherwise not available for distribution until after August 31, 2047.

IN WITNESS WHEREOF, the lawful representatives of the parties have executed this Agreement on the day and year indicated above.

MARCH 16, 2015**

2.) CENTENNIAL PRESENTATION

ISSUE: The City Commission will be given a presentation on a piece of Lake Alfred's history in recognition of our centennial year.
